

FRANCES BEGINS BY TELLING IN FOCUS A LITTLE BIT ABOUT HERSELF: WHAT GRADE SHE TEACHES, TO WHAT STANDARDS SHE MUST ALIGN, HER SCHOOL YEAR DETAILS AND HOW HER TEACHING SCHEDULE FLOWS, AND WHAT KINDS OF MATERIALS SHE LIKES TO USE.

FRANCES ALSO SETS HER CLASS UP FOR AN ONBOARDING DIAGNOSTIC.

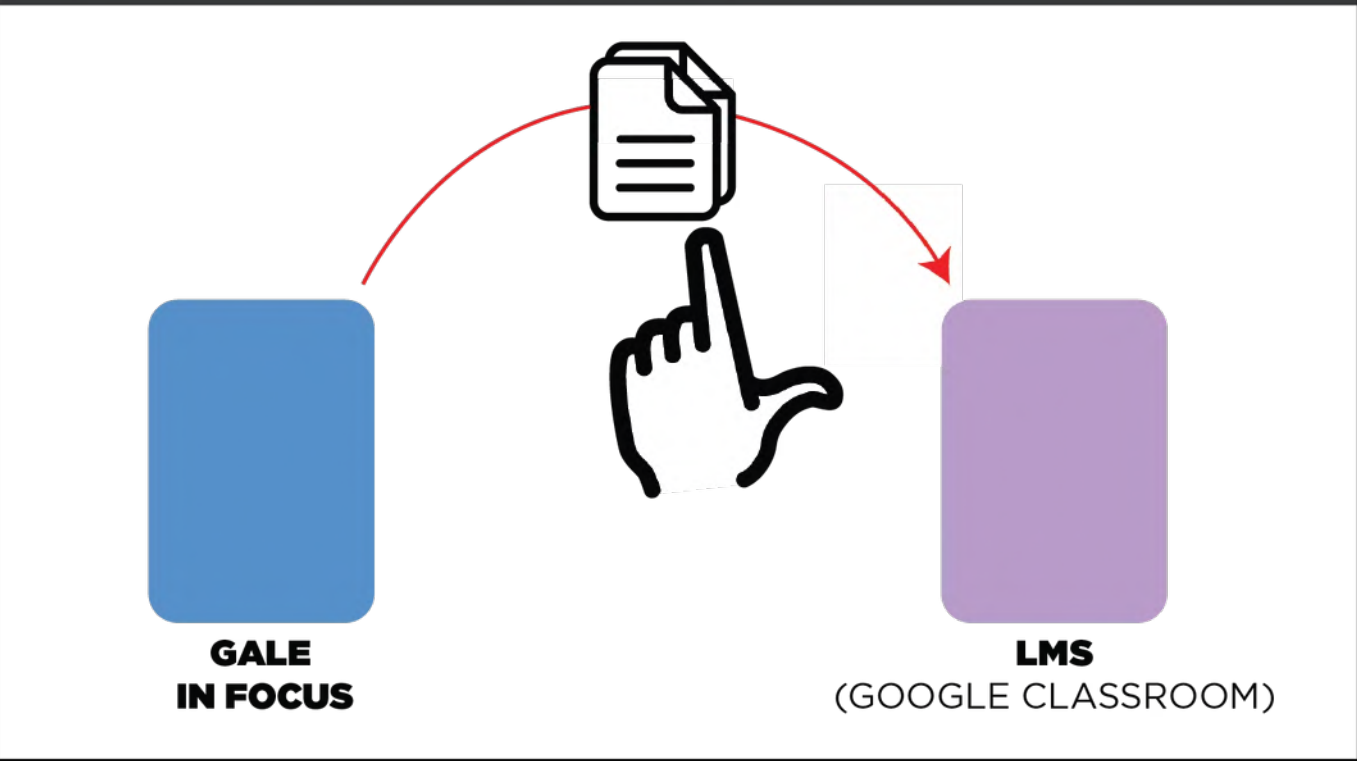

IN FOCUS ALREADY KNOWS WHAT STATE STANDARDS FRANCES MUST TEACH TO AND MAKES A SUGGESTED SCOPE AND SEQUENCE THAT IS TIED TO THOSE STANDARDS. RESOURCES THAT SUPPORT HER PREFERENCES AUTOMATICALLY POPULATE AND MAY BE EASILY SYNCED WITH GOOGLE CLASSROOM, SHARED WITH HER COLLEAGUES AND HER CURRICULUM DIRECTOR.

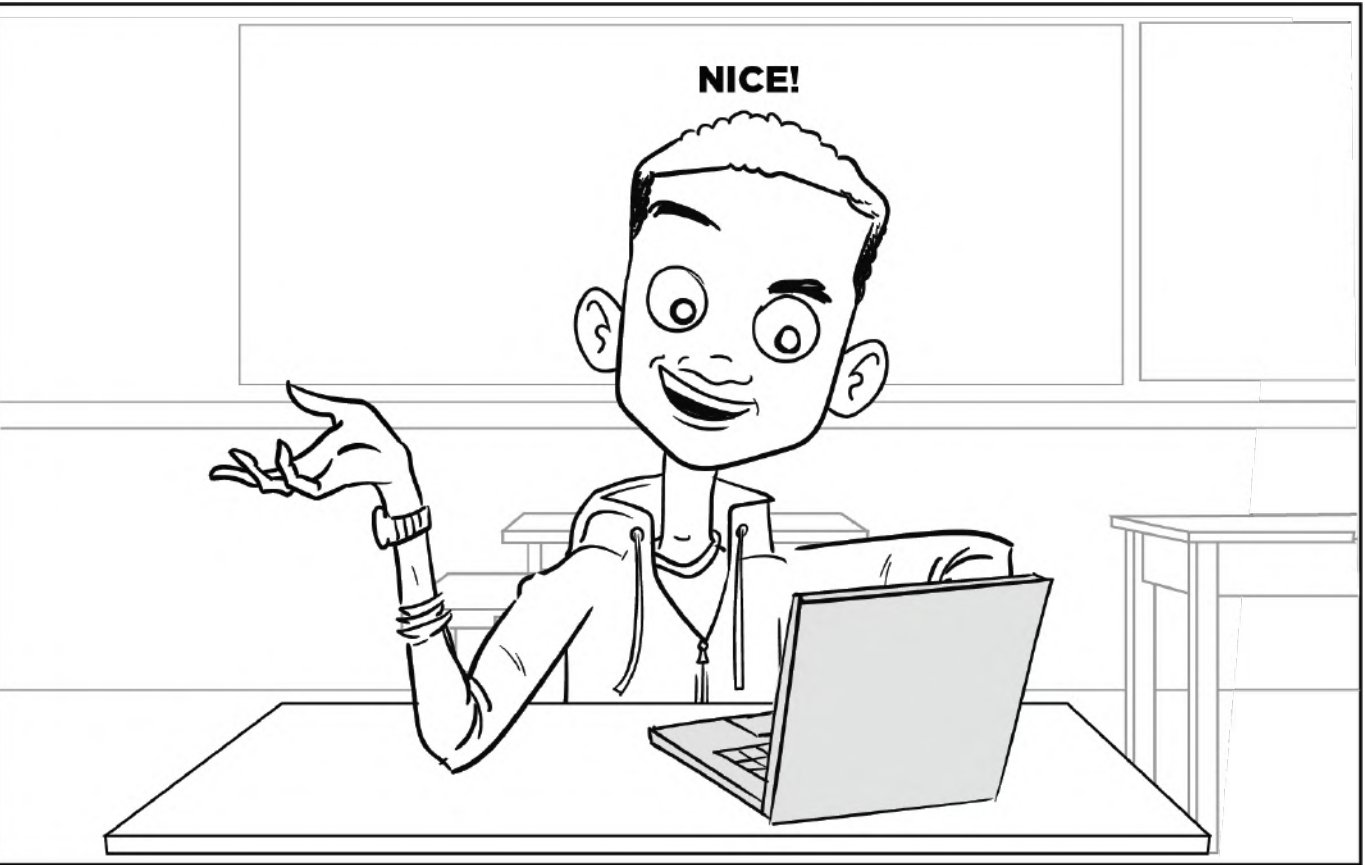

BEYOND PROVIDING RESOURCES, THE RECOMMENDATIONS THAT POPULATE TO HER CALENDAR ARE COMPREHENSIVE AND FULLY EDITABLE. THE SUGGESTED LESSON PLANS SHOW FRANCES HOW A RESOURCE WILL MAP TO IN-CLASS TIME AND SHE RECEIVES SUGGESTED ACTIVITIES AND IDEAS FOR BRINGING THE RESOURCES AND LESSONS TO LIFE. SHE CAN SELECT OTHER GALE RESOURCES OR EXPORT HER LESSON PLAN AND MIX AND MATCH RESOURCE PUBLISHERS TO MEET HER NEEDS.

I need my lessons to be assignable, digital, and interactive.

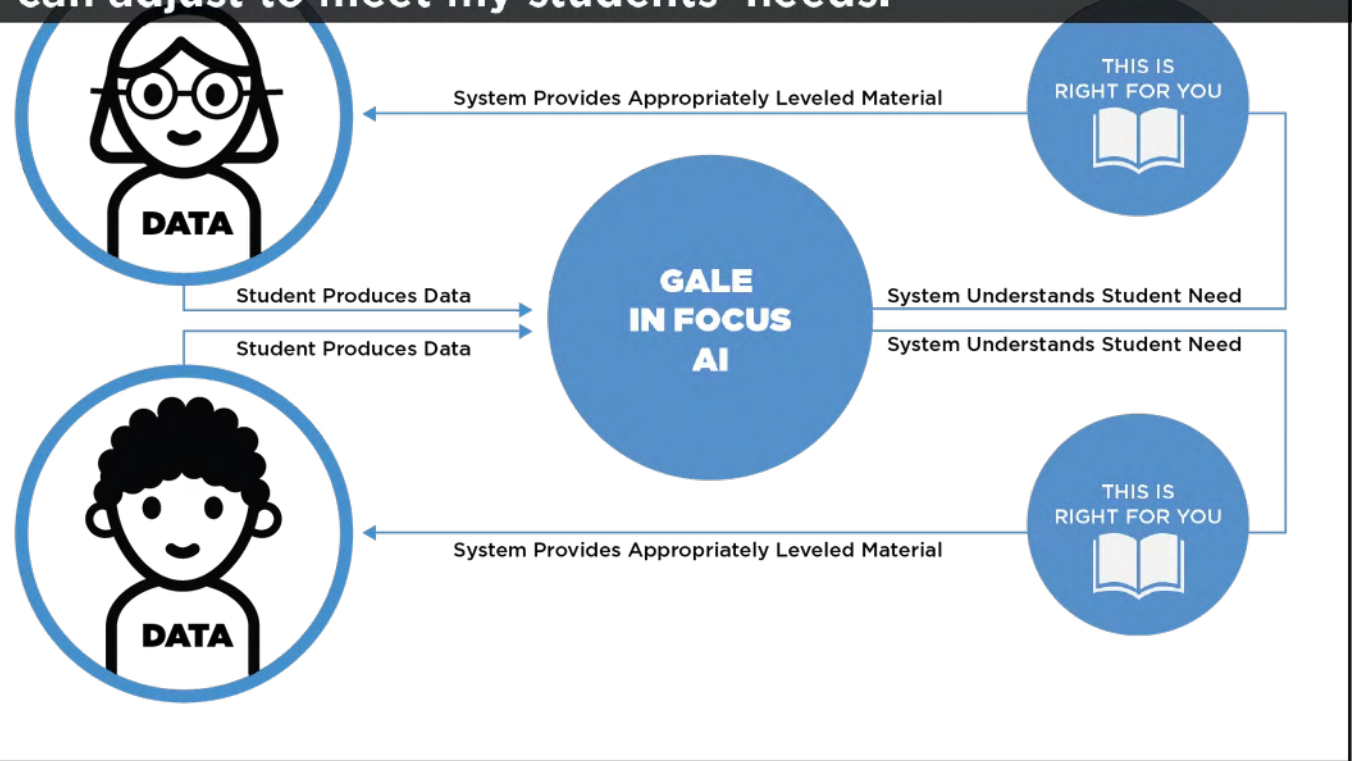

FRANCES CAN MOVE RESOURCES FROM THE SUGGESTED PLAN INTO GOOGLE CLASSROOM AND OTHER LMS TOOLS, WHICH ENABLES ASSIGNING TO HER STUDENTS. SHE CAN RATE LESSONS AND RESOURCES, SYNCING HER RESOURCES TO THE LMS AT ANY POINT SHE NEEDS TO SHARE WITH PARENTS OR COLLEAGUES.

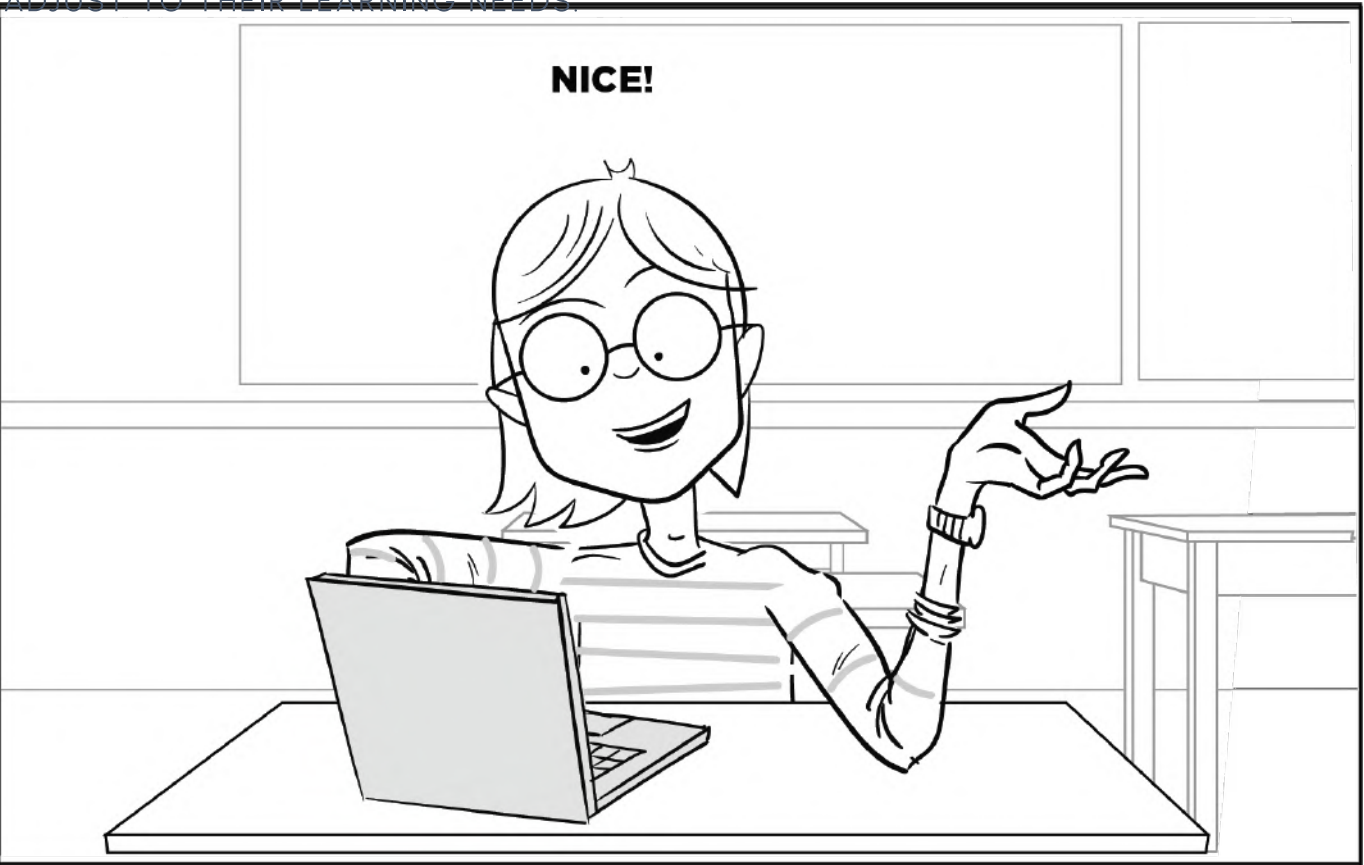

STUDENTS RECEIVE RESOURCES THAT ARE DYNAMICALLY CUSTOMIZED TO THEIR INDIVIDUAL LEVEL, WHETHER THEY'RE AT OR ABOVE GRADE LEVEL. IN FOCUS ALSO PROVIDES ASSESSMENTS INTEGRATED WITH THESE CUSTOMIZED RESOURCES, AND DATA AND REPORTS ARE EASILY SHARED WITH COMMON STUDENT INFORMATION SYSTEMS.

I need to be able to customize my resources so that can adjust to meet my students' needs.

FRANCES ASSIGNS SEVERAL OF THE RECOMMENDATIONS IN FOCUS FOUND FOR HER CURRENT UNIT'S LEARNING OBJECTIVES. IN FOCUS' AI KNOWS, BASED ON DIAGNOSTICS, WHICH STUDENTS SHOULD RECEIVE THE RESOURCE AS WRITTEN AND WHO SHOULD GET A NEW VERSION ADJUSTED TO THEIR LEXILE LEVEL. AS THE SYSTEM GAINS UNDERSTANDING OF EACH STUDENT, IT WILL INCREMENTALLY ADJUST TO THEIR LEARNING NEEDS.

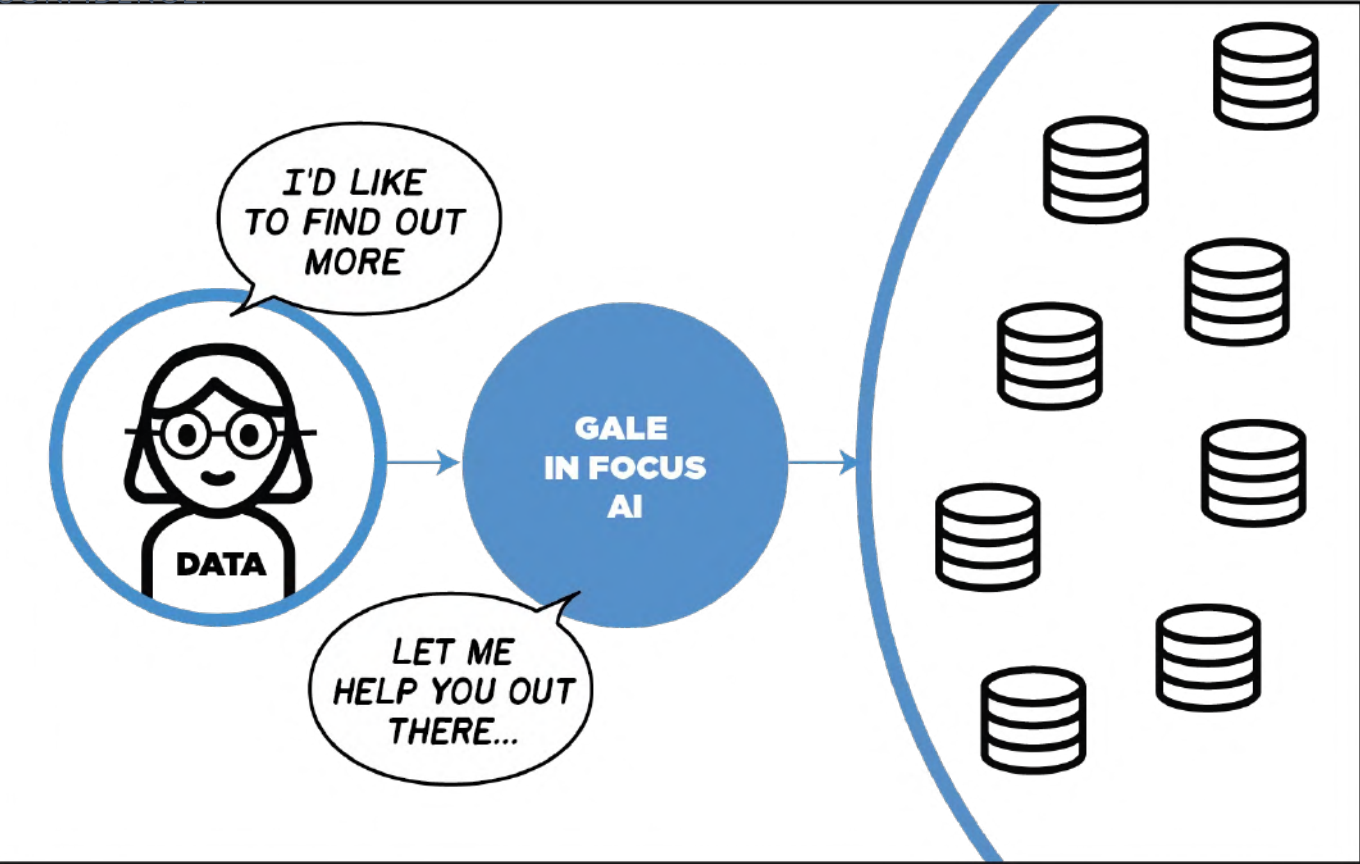

WHEN STUDENTS ARE NOT AT GRADE LEVEL, THE SYSTEM IS AWARE OF ZONES OF PROXIMAL DEVELOPMENT AND INTENTIONALLY BUILDS STUDENT CAPABILITY INCREMENTALLY AS THEY USE THE PRODUCT. FRANCES HAS EASY ACCESS TO MANAGE OR OVERRIDE THESE RATES AND INCREMENTS OF ADJUSTMENT FOR HER STUDENTS.

I need to bring material to life in class in engaging and interactive ways to keep kids interested.

FRANCES THEN USES IN FOCUS IN-CLASSROOM TOOLS TO ENGAGE ALL HER STUDENTS IN A PARTICIPATORY, SHARED EXPERIENCE. AS SHE GETS TO KNOW THEM BETTER, UNDERSTANDING THEIR UNIQUE STRENGTHS AND WEAKNESSES AND BACKGROUNDS, FRANCES IS BETTER ABLE TO CHOOSE PERSONALIZED AND CULTURALLY RESPONSIVE TEACHING TOOLS THAT BUILD COMMUNITY AND CONFIDENCE.

WHEN STUDENTS SHOW INTEREST OR CURIOSITY IN LEARNING MORE, OR NEED TO PURSUE INDEPENDENT STUDY, IN FOCUS' INDIVIDUAL LEARNER MODEL ALLOWS THE STUDENT TO EXPERIENCE GALE'S LIBRARY DATABASE TOOLS WITH A MORE FOCUSED SEARCH, TAILORED TO THE STUDENT'S LEXILE AND GRADE LEVEL.

SHE HAS A LOT OF CHOICES FOR HOW TO ENGAGE IN CLASS, TOOLS LIKE IN-CLASS POLLS, GAMIFIED ACTIVITIES, PRESENTATION MODES AND SHARING OPTIONS THAT ARE ALL TIED TO GALE RESOURCES.

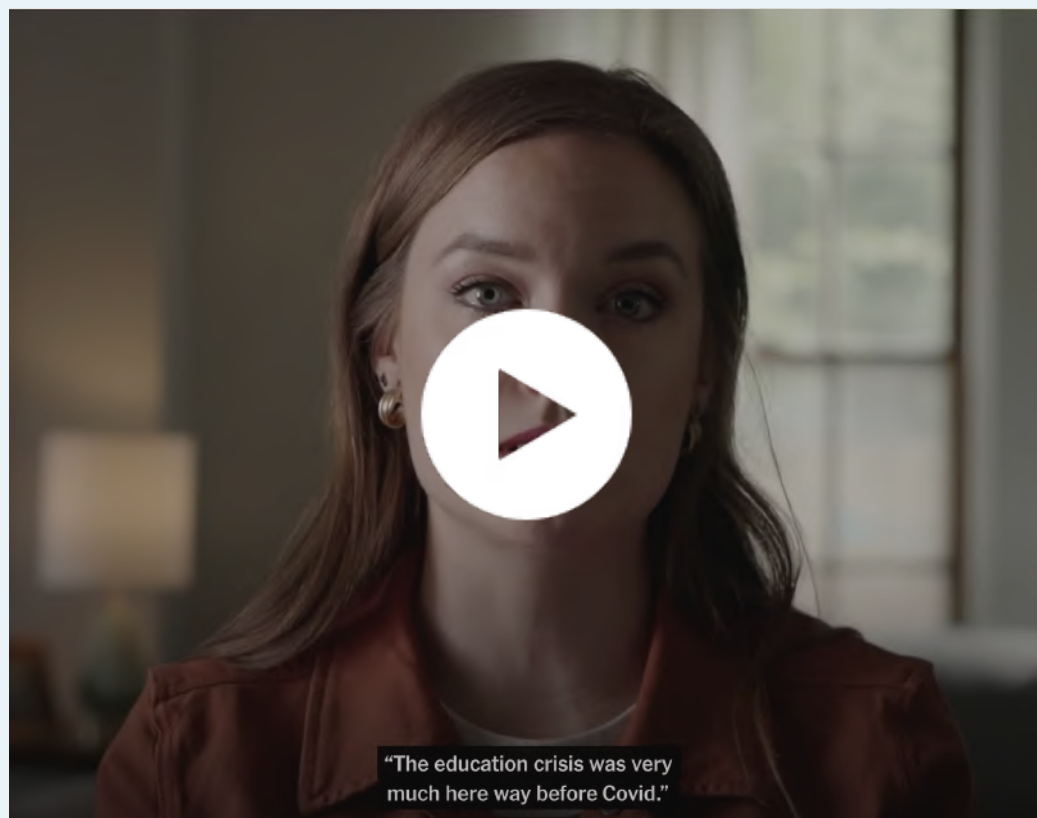

FRANCES LOVES IN FOCUS BECAUSE IT NOT ONLY MAKES IT SIMPLER TO DO THE PLANNING AND SEARCHING PARTS OF TEACHING BUT ALSO SUPPORTS HER WITH THE MOST MEANINGFUL PART, BUILDING RELATIONSHIPS AND DEEPLY UNDERSTANDING HER STUDENTS, BOTH ACADEMICALLY AND PERSONALLY. WORK IS STILL HARD, BUT SHE FINDS IT MORE REWARDING THAN EVER.

The Education System is Broken

Burnout is real

"The education crisis was very much here way before Covid..." ²

Becoming a teacher is a natural calling for many. There are a multitude of additional reasons - to better prepare future society; to work in a community of like-minded people; to see students grow beyond others' expectations of them.

However, teaching as a profession is also trapped under a brutal collection of weights. Data reflect stagnant or lower wages than other professions requiring a college education, increased workloads, and political or ideological pressures all deeply affecting teachers. In addition to all this, teachers must navigate the aftermath of the pandemic; including learning and social loss for students, and ideological backlash in many communities.

It's no surprise that teachers are burning out and leaving the field at alarming rates.

55%

of educators are thinking about leaving the profession earlier than they had planned, according to 2022 NEA survey. ¹

90%

of members say feeling burned out is a serious problem. ¹

67%

say burnout is very serious. ¹

1 in 4

teachers report considering leaving the profession after the pandemic, as opposed to

1 in 6

before COVID. ³

The labor force is changing

Educator burnout and attrition is at an all-time high. Further exasperating its impact is a glut of new and sometimes under-qualified teachers filling roles.

Researchers at Kansas state defined these educators as people who have “irregular, provisional, temporary, or emergency certification” to teach. This also includes certified teachers who are filling positions outside their subject of expertise — like a history teacher assigned to a math class.

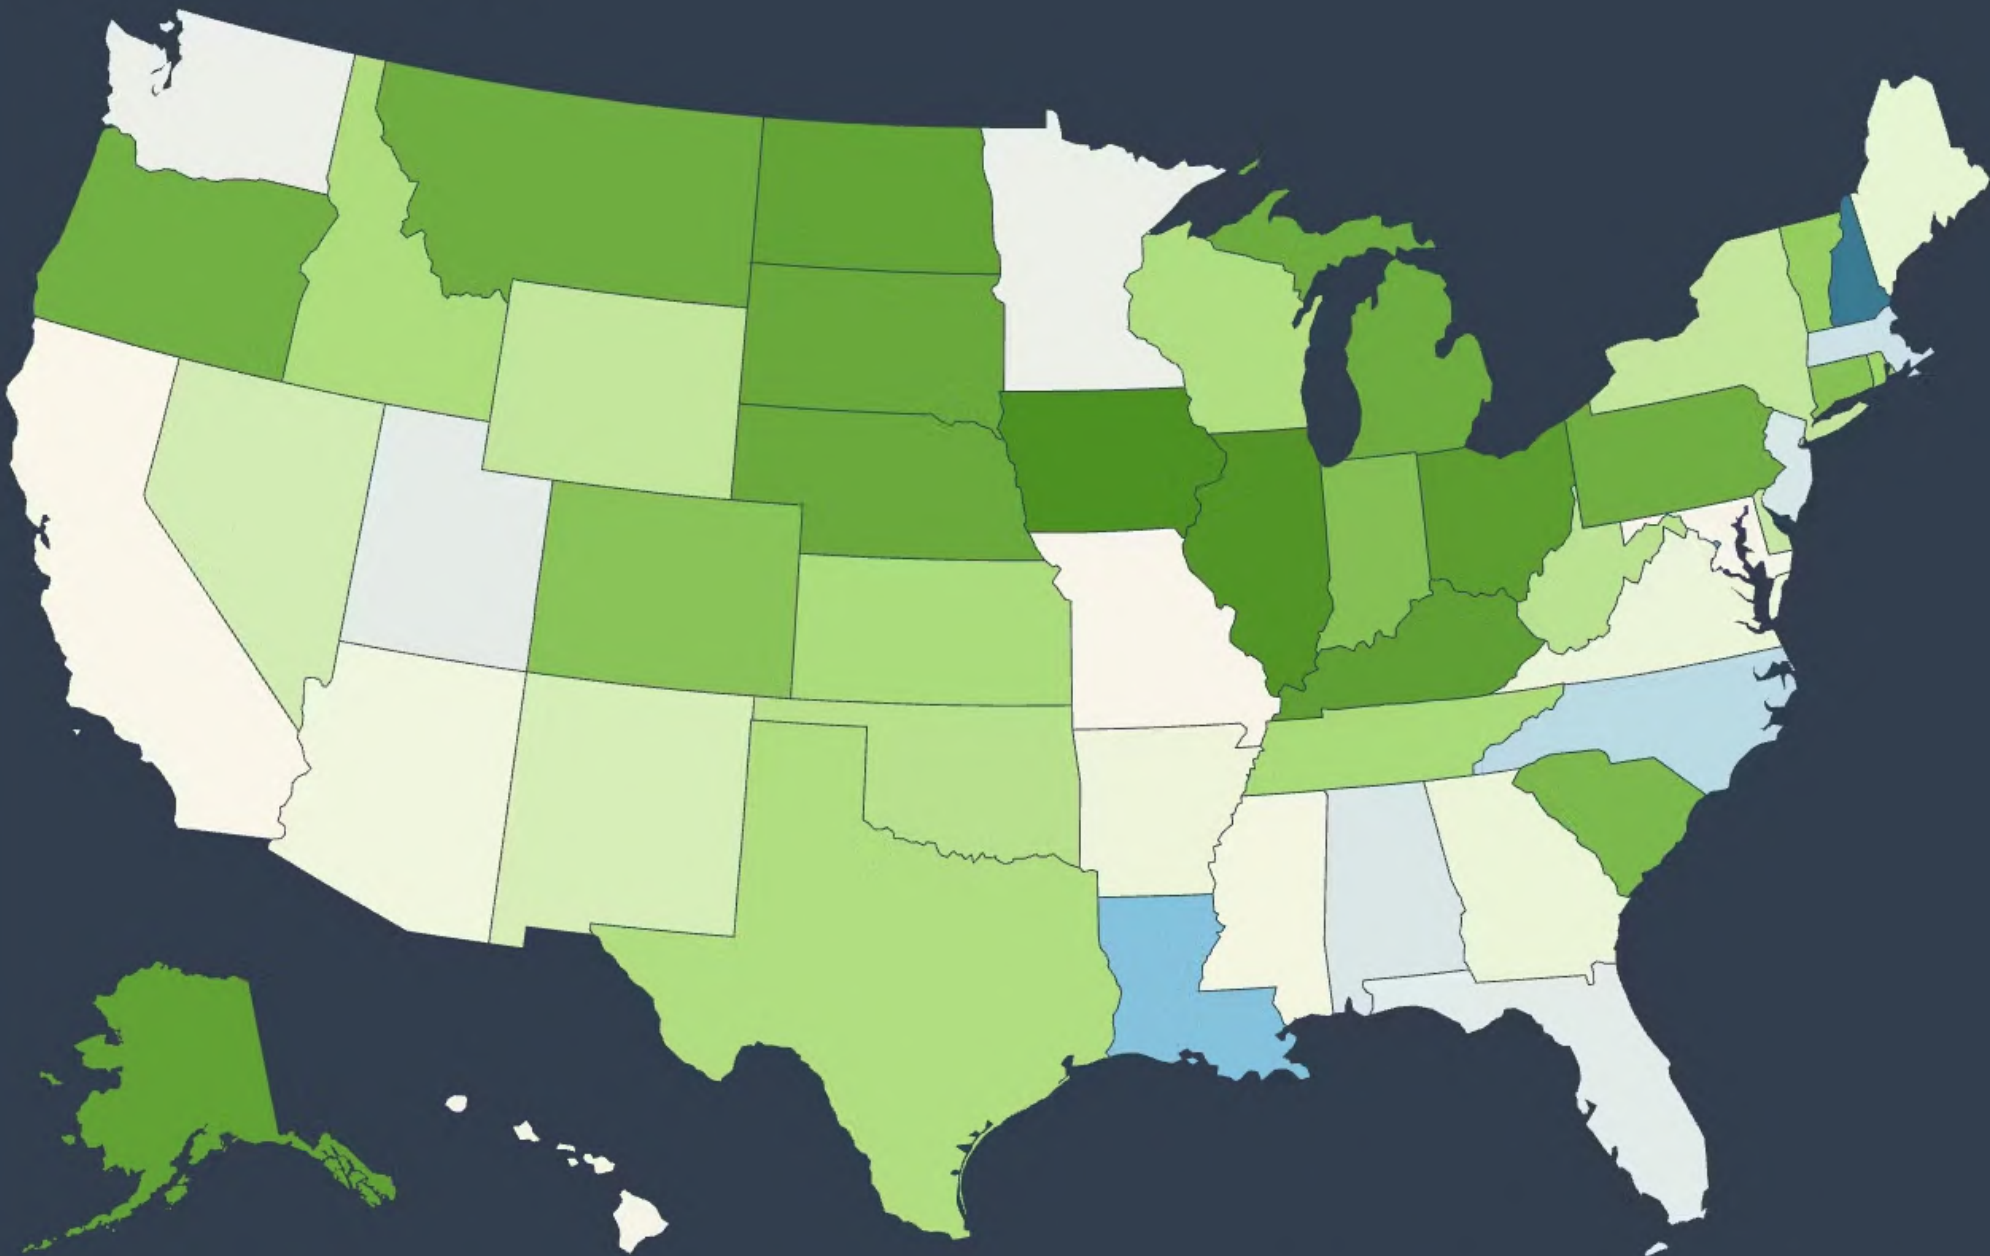

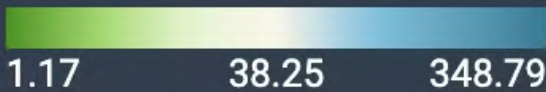

163,000

teaching positions nationwide are held by under-qualified teachers (April 2023) ¹

Map View: Underqualified Teachers per 10,000 Students

States are filled in with a deeper shade of blue as their ratio of underqualified teachers per 10,000 students increases, and they become a deeper shade of green as the ratio decreases. Hover over each state to see its stats.

The research defines underqualified teachers as (1) teaching positions that are filled by teachers who are certified by irregular, provisional, temporary, or emergency certification; and (2) teaching positions that are filled by teachers who are certified, but who are teaching in academic subject areas other than their area of preparation.
