

How we work

EXAMPLE OUTPUTS — PROBLEM DISCOVERY

We use the power of research and data to uncover insights that lead to transformational change, using both quantitative and qualitative data from engaging with real users and stakeholders.

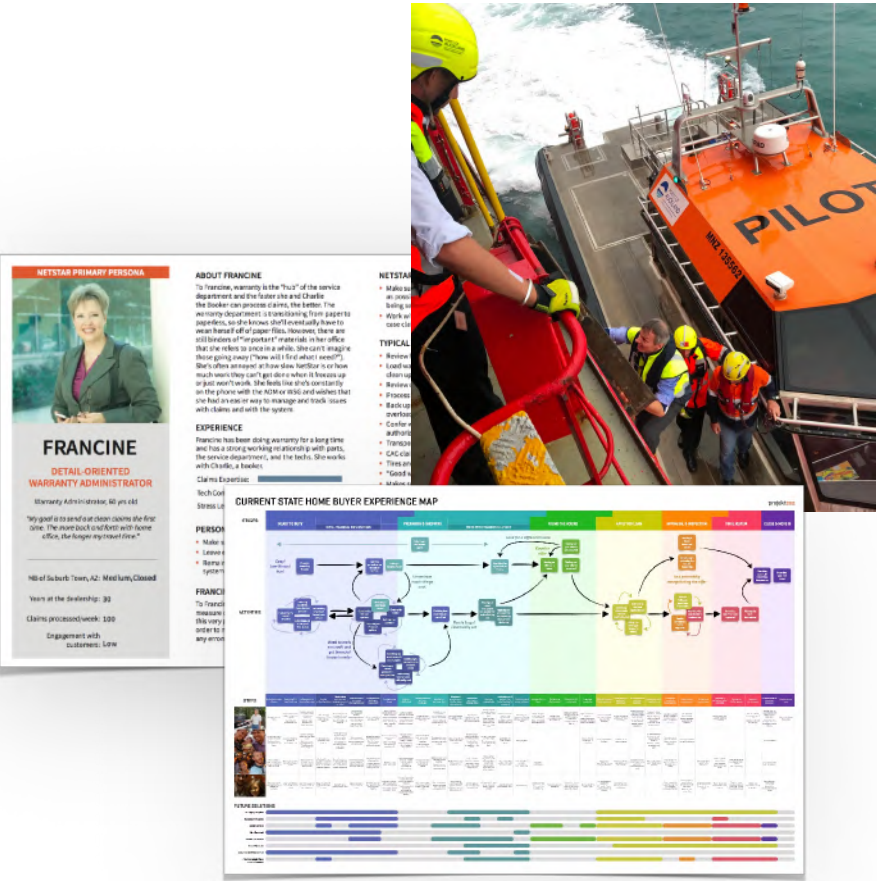

Benchmarking & Research

Examples of competitive analysis and UX benchmarking.

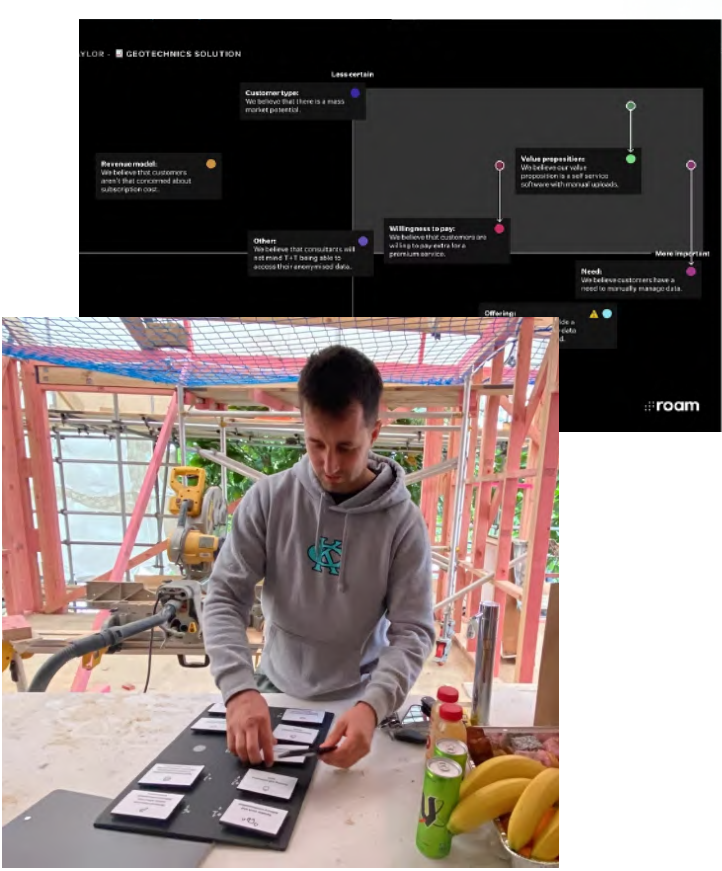

Workshops Facilitation

Examples of workshop templates and workshop facilitation.

Building Deep Empathy

Examples of in-field empathy interviews, customer personas, journeys and service blueprints

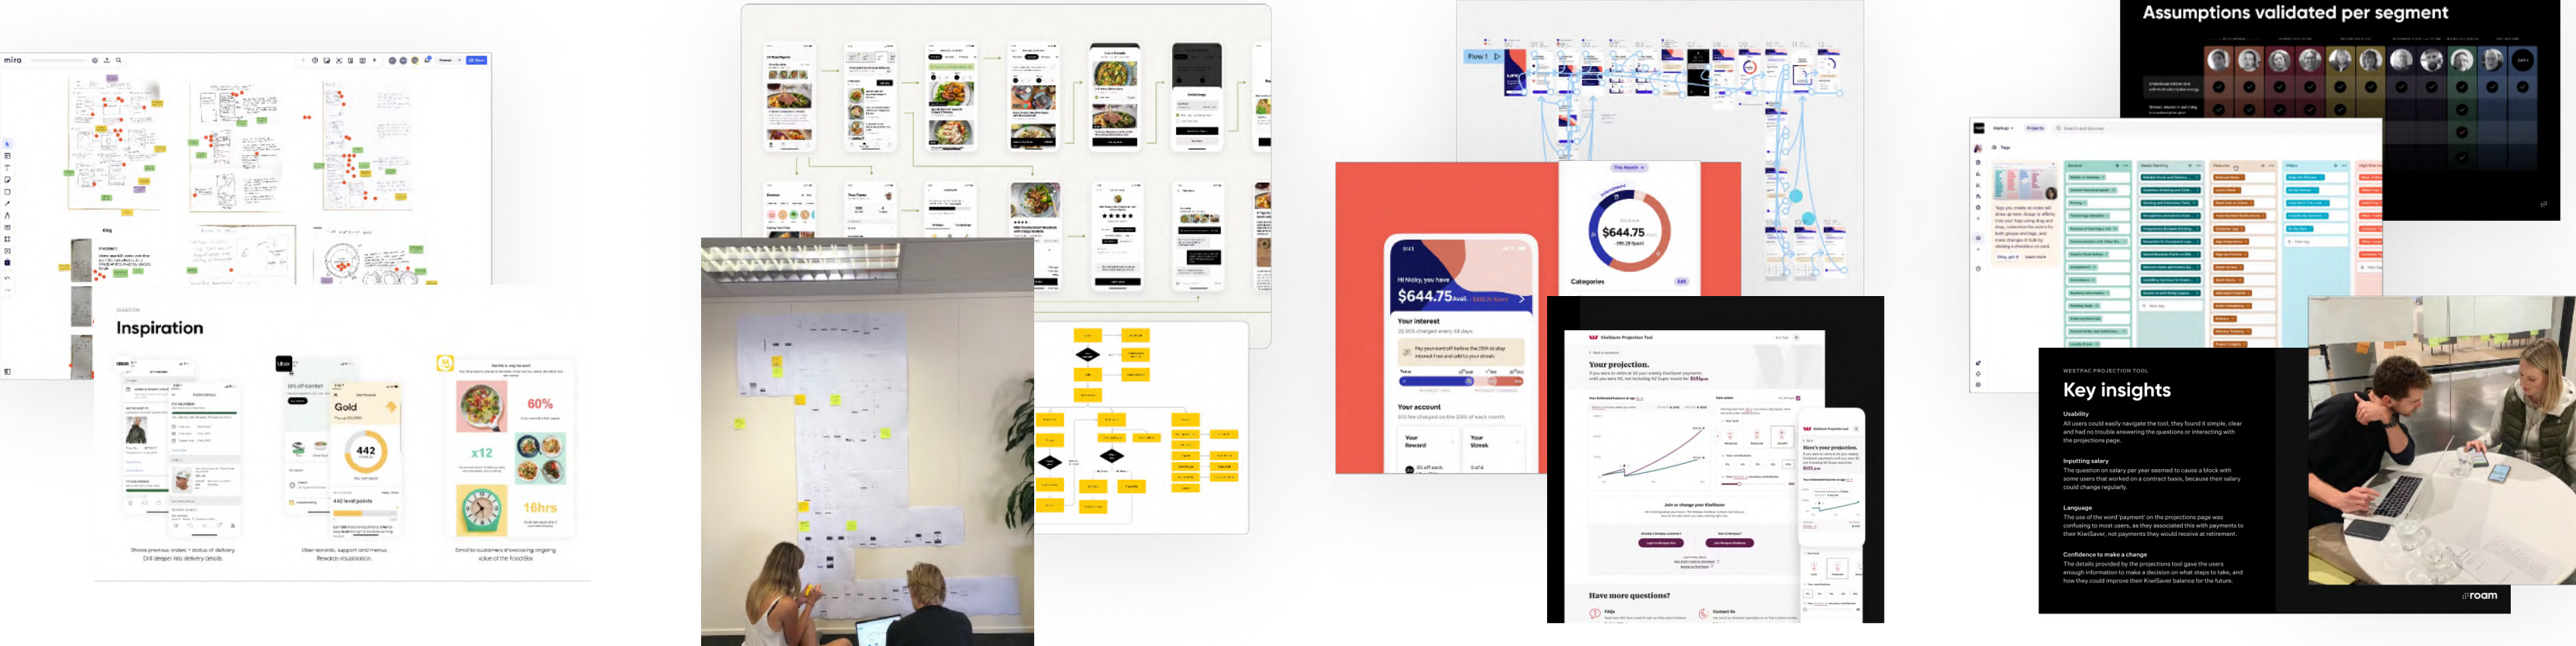

Validation & Alignment

Aligning customer problems and potential solutions and assumption mapping.

EXAMPLE OUTPUTS — SOLUTION DISCOVERY

We align stakeholders and teams with rapid ideation and prototypes before taking the ideas to real customers and testing with curiosity to drive the right solutions that we continue to iterate on for success.

Ideation & Opportunities

Mapping opportunities and ideation solutions collaboratively.

User Flows

Ideation of solutions, user flows and mapping out the end-to-end experiences.

Prototypes

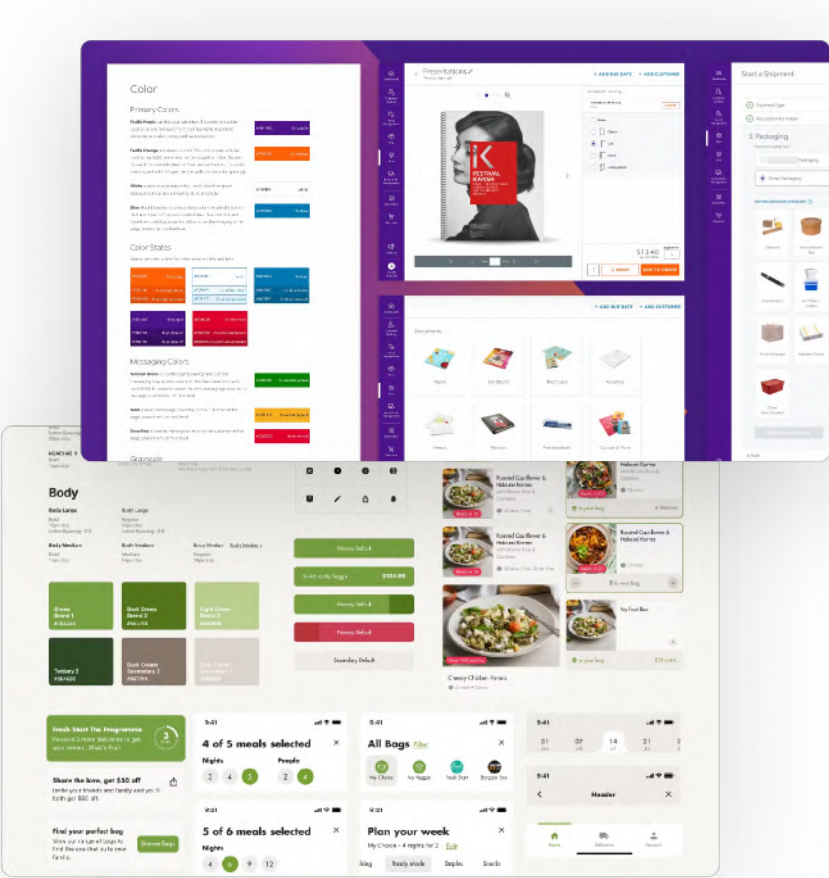

Ideation of solutions, and high fidelity prototypes

Customer Testing & Validation

Example of usability testing and synthesis of improvements

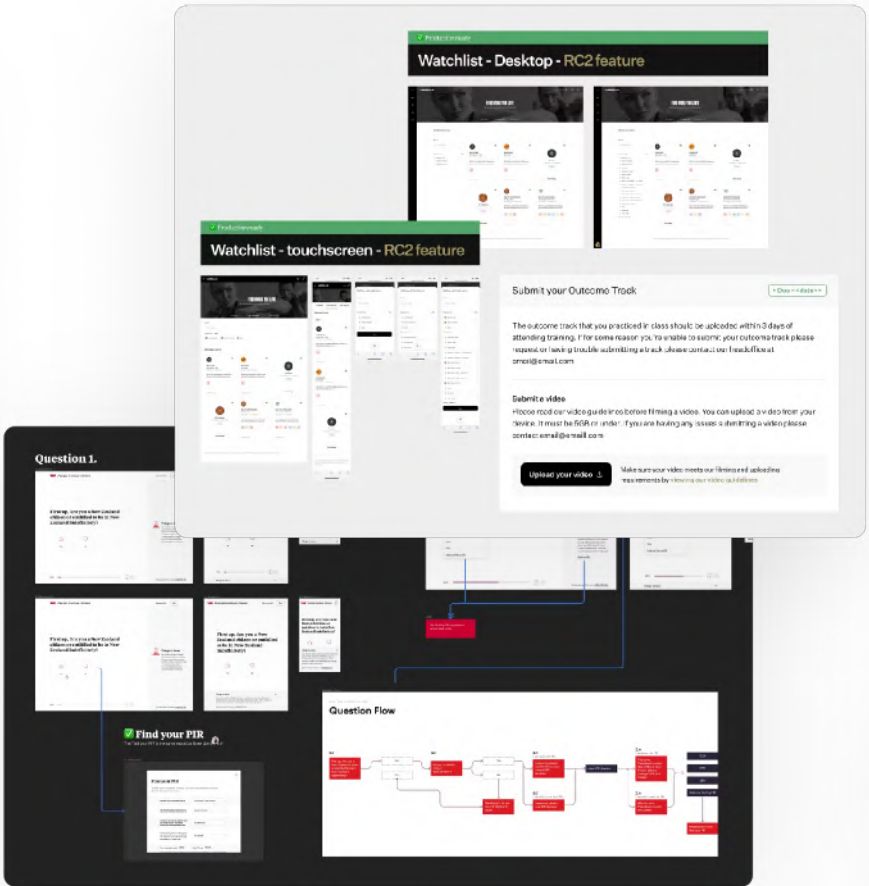

EXAMPLE OUTPUTS — DESIGN DELIVERY

We deliver pixel-perfect design and technical solutions and stay involved in the delivery process all the way to final launch (and beyond!). Our designers ensure quality craft working closely with development teams and to roll our design systems, icons and errors as needed.

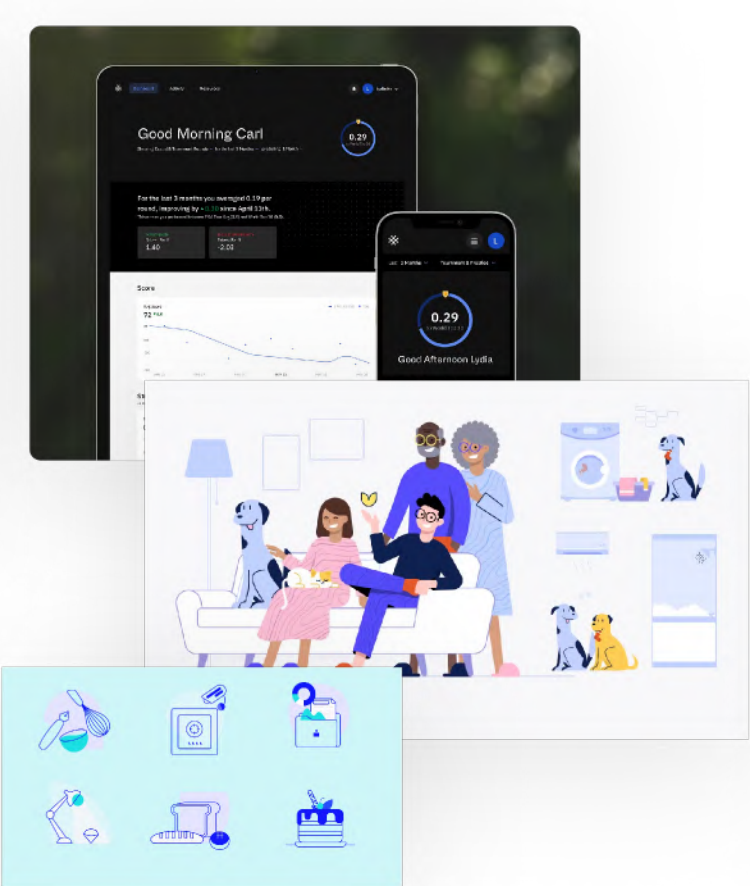

Design Systems

Example of modular design system to be utilised across products

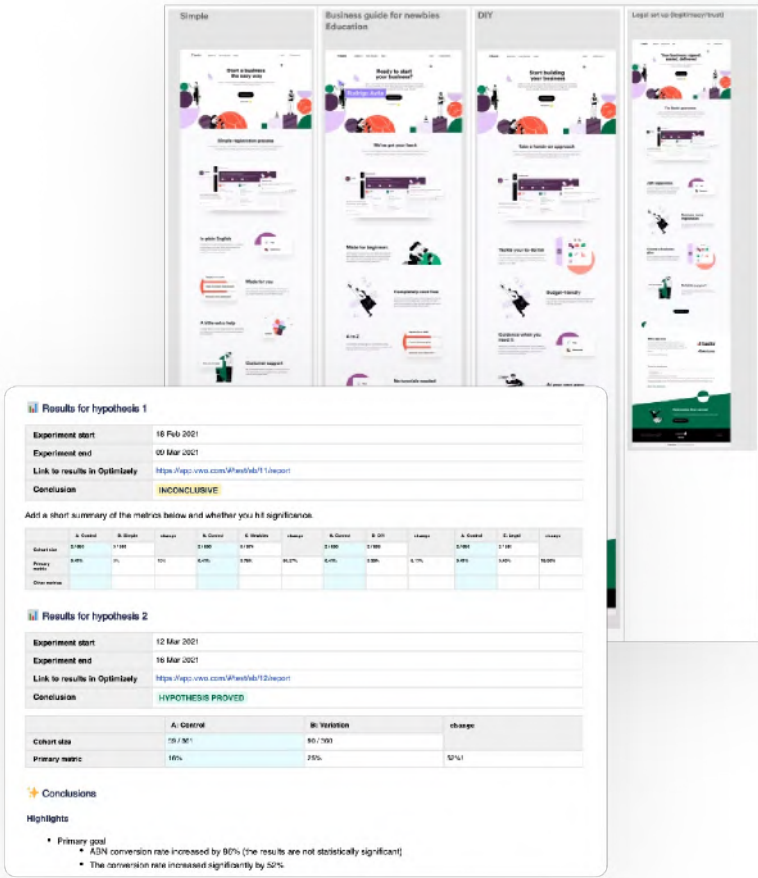

Detailed Designs & Flows

Examples of design-ready UX flows with detailed annotations

Finished Product & Assets

Examples of finished builds and final assets for release.

A/B Test & Refine

Example of landing page A/B Testing result analysis.

HAIRCODE

The background is white with a variety of faint, colorful geometric shapes and patterns scattered across it. These include circles, lines, wavy lines, and clusters of small dots in colors like orange, pink, green, blue, and yellow. A horizontal bar at the top is divided into several colored segments: orange, red, pink, magenta, green, dark green, and blue.
