

Smooth Onboarding to Create Stickiness from Day One

Sticky Onboarding

First impressions matter, especially when targeting less educated and less motivated users with a lower willingness-to-pay. By minimizing paper cuts, reducing the time-to-value, and encouraging investment in the product we can help turn the curious to customers more efficiently.

TARGETED REVENUE IMPACTS

- Conversion rate
- Increase loyalty
- Drive demand & Word-of-Mouth

INCREMENTAL WINS

- oAuth
- Web ↔ Mobile pathways
- Value prop centered FTUE (First Time User Experience)
- Push paywall deeper into value exchange
